A reminder to everyone about Locker Etiquette:

Any personal items left in the Transit Center that are unattended should NOT be considered secure.

The lockers should be used for securing your items, and the locks on the door must be utilized for this purpose.

Instructions are posted at the Transit Center near the lockers on how to set the combination, as well as on the left side of this document

If you ever forget your combination, don't panic. Just call BT's number and someone will be there to help you get it unlocked.
